Subject **Circulation Prior to Adoption Action**
Draft 2 of ARINC Project Paper 841: *Media Independent Aircraft Messaging (MIAM)*

Summary The AEEC Industry Activities staff prepared this draft based on recommendations made at the Data Link (DLK) Systems Subcommittee meeting held May 11-13, 2011, in London, United Kingdom.

ARINC Project Paper 841 defines Media Independent Aircraft Messaging which allows the exchange of large volume of data over ACARS or broadband IP subnetworks.

All technical changes are shown in **blue bold**. The most current changes may also be **highlighted**.

Action Please review this draft. If you have any comments, please respond in writing (e-mail) to José Godoy.

If there are no adverse technical comments received by **July 3, 2011**, Draft 2 of Project Paper 841 will be submitted for adoption consideration by AEEC via mail ballot.
